§1111. Recordkeeping and Reporting

A. – B.2. ...

C. Exception Reporting

1. A generator of ~~greater than~~ 1000 kg or greater of hazardous waste in a calendar month, or greater than 1 kg of acute hazardous waste listed in LAC 33:V.4901.B or E in a calendar month, who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 35 days of the date the waste was accepted by the initial transporter must contact the transporter and/or the owner or operator of the designated facility to determine the status of the hazardous waste.

2. A generator of ~~greater than~~ 1000 kg or greater of hazardous waste in a calendar month, or greater than 1 kg of acute hazardous waste listed in LAC 33:V.4901.B or E in a calendar month, must submit an ~~E~~exception ~~R~~report to the Office of Environmental Services if he has not received a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 45 days of the date the waste was accepted by the initial transporter. The ~~E~~exception ~~R~~report must include:

§1513. Contingency Plan and Emergency Procedures

A. – B.1. ...

2. If the owner or operator has already prepared a Spill Prevention, Control, and Countermeasures (SPCC) Plan in accordance with 40 CFR Part 112 ~~or 40 CFR Part 300~~, or some other emergency or contingency plan, he need only amend that plan to incorporate hazardous waste management provisions that are sufficient to comply with these requirements. The owner or operator may develop one contingency plan that meets all regulatory requirements. EPA recommends that the plan be based on the National Response Team's Integrated Contingency Plan Guidance ("One Plan"). When modifications are made to non-RCRA

provisions in an integrated contingency plan, the changes do not trigger the need for a RCRA permit modification.

5.b. – 6.a. ...

i. Write the facility's EPA ID number in Item 1 of the new manifest. Write the ~~generator's~~facility's name and mailing address in Item 5, unless the ~~generator's site~~mailing address is different, then write the facility's site address in the designated space for Item 5 of the new manifest.

ii. – vi. ...

b. For full load rejections made while the transporter remains at the facility, the facility may return the rejected shipment to the generator with the original manifest

by completing Items 18a and 18b of the original manifest and supplying the generator’s information in the Alternate Facility block. The facility must retain a copy of this manifest for its records and give the remaining copies of the manifest to the transporter to accompany the shipment. If the original manifest is not used, then the facility must use a new manifest and comply with Clauses C.6.a.i-vi and Subparagraph C.6.c of this Section.
